space  select region										

Color corresponds to the type of expected argument:

- (Reserved key)
- (Prefix map)
- A region
- A search space
- A character
- No Argument
- First an enclosure, then a region

Left-hand text region specifiers:

<div style="background-color: #cccccc; padding: 5px; border: 1px solid black;">                 q select-outside-quotes             </div>	<div style="background-color: #cccccc; padding: 5px; border: 1px solid black;">                 W select-word             </div>	<div style="background-color: #ffffff; padding: 5px; border: 1px solid black;">                 e             </div>	<div style="background-color: #ffffff; padding: 5px; border: 1px solid black;">                 r             </div>	<div style="background-color: #ffffff; padding: 5px; border: 1px solid black;">                 t             </div>
